

*Prosper Robotics Presents*

# Engineering A Better World

A robotics competition  
that builds  
coding, design, critical  
thinking and problem  
solving skills

**April 21, 2018**

## Who Is It For?

All current students in Prosper ISD in grades 2-8 who fill out the interest form are eligible to participate in the robotic competition.

## Teams

Teams are limited to 10 students per team. Parents are responsible for forming teams and setting up practices with the team's coach. If you want help coordinating or joining a team please contact your home campus.

## Deadline

All teams must register with a coach before October 23, 2017. The entry fee must be paid by all teams before November 30, 2017.

## Entry Fee

\$500 dollars per team  
The entry fee may be split among each member of the team.  
Teams are allowed to get corporate sponsors for the entry fee.  
Teams are allowed to get donations for the entry fee.

## Other Information

Parents of students are welcome to coach teams.

Parent run teams must coordinate with their home campus if they wish to take the robots off campus.

Parents serving as coaches must pass a PISD background check.

Parent run teams must coordinate with the home campus and have a staff member present if they are going to run a practice using PISD facilities.
