

BUILDING MEMORIES FOR A LIFETIME

ADVENTURE GUIDES & PRINCESSES

Attention Parents of Kids in Kindergarten through 3rd grade...

Adventure Guides

What Are Adventure Guides & Adventure Princesses? Adventures, Experiences and Challenges that will play a special and unique role in the growth and development of your child. The Adventure Programs are opportunities that cannot be found anywhere else that promote quality time between a father and their child. Available to kids between Kindergarten and Third Grade

Adventure Programs are hosted by the Frisco YMCA and designed to aim to strengthen the bond between fathers and their children. The Adventure Guides and Adventure Princess programs will build lifetime memories.

Circle Activities: Adventure Guides will gain memories from climbing mountains, canoeing on a lake, exploring by horseback and so much more. They will gain the respect of their fathers by working together to build a derby car or launch a rocket.

Adventure Dad's will build stronger bonds with their children by being part of a unique "Circle", made of other dads and their children. Adventures and activities will be fun learning opportunities that will develop mutual respect and understanding. The Adventure Program is also about traditions, traditions that create a lasting bond between father and child and to one another in the Circle and help to define the community to which we all belong. We often say about the Adventure Program experience, we make "Friends and family for life!"

Our goal with the Adventure Program is to have Guides leave their experiences with greater self-confidence, a sense of responsibility both to themselves and to others, the ability to make good choices and to develop greater respect for others and their individual differences.
