

Rucker Elementary School Garden

Revitalization of the Compost Garden

Collin County Master Gardeners/Prosper ISD/Prosper Public Works and the Prosper Community.

The garden has been updated. What is left: Adding a brick walkway around the tree, and a future arbor/pergola.

How can we help?

- 1) Fundraiser: Order a brick with your name on it or your business name.
- 2) Plan a program with the school for the raised garden beds

Garden Plans: The flower beds on the East side of the garden have been extended and edged with bricks. Roses and sick shrubs have been removed. Compost (40 cubic yards) and mulch (20 cubic yards) have been added. New shrubs, perennials and annuals have been added, along with gutters on the shed and a rain barrel.

Brick Fundraiser - Checks **payable** to Rucker Elementary, **Due by 12-15-15**

____ 4 X 8 Brick - \$50
4 lines eleven spaces per line

____ 8 X 8 Brick - \$100
